Sales, Marketing, and Customer Service
Enhancing sales techniques, market insights, and customer satisfaction.

Quality and Project Management
Streamlining project execution and ensuring quality standards.

Audit, Risk, and Compliance
Building resilience through regulatory and risk management expertise.

IT and Digital Transformation
Adopting innovative technologies for business growth.

Consulting Solution

PI partner with organizations to address critical challenges, achieve strategic objectives, and foster growth. Our consulting services are tailored to ensure sustainable improvements.

Non-Profit Training Centers

From feasibility studies to operational execution.

Business Strategy and Planning

Defining visions, missions, and actionable roadmaps.

Process Improvement

Enhancing operational efficiency to reduce costs.

Organizational Development

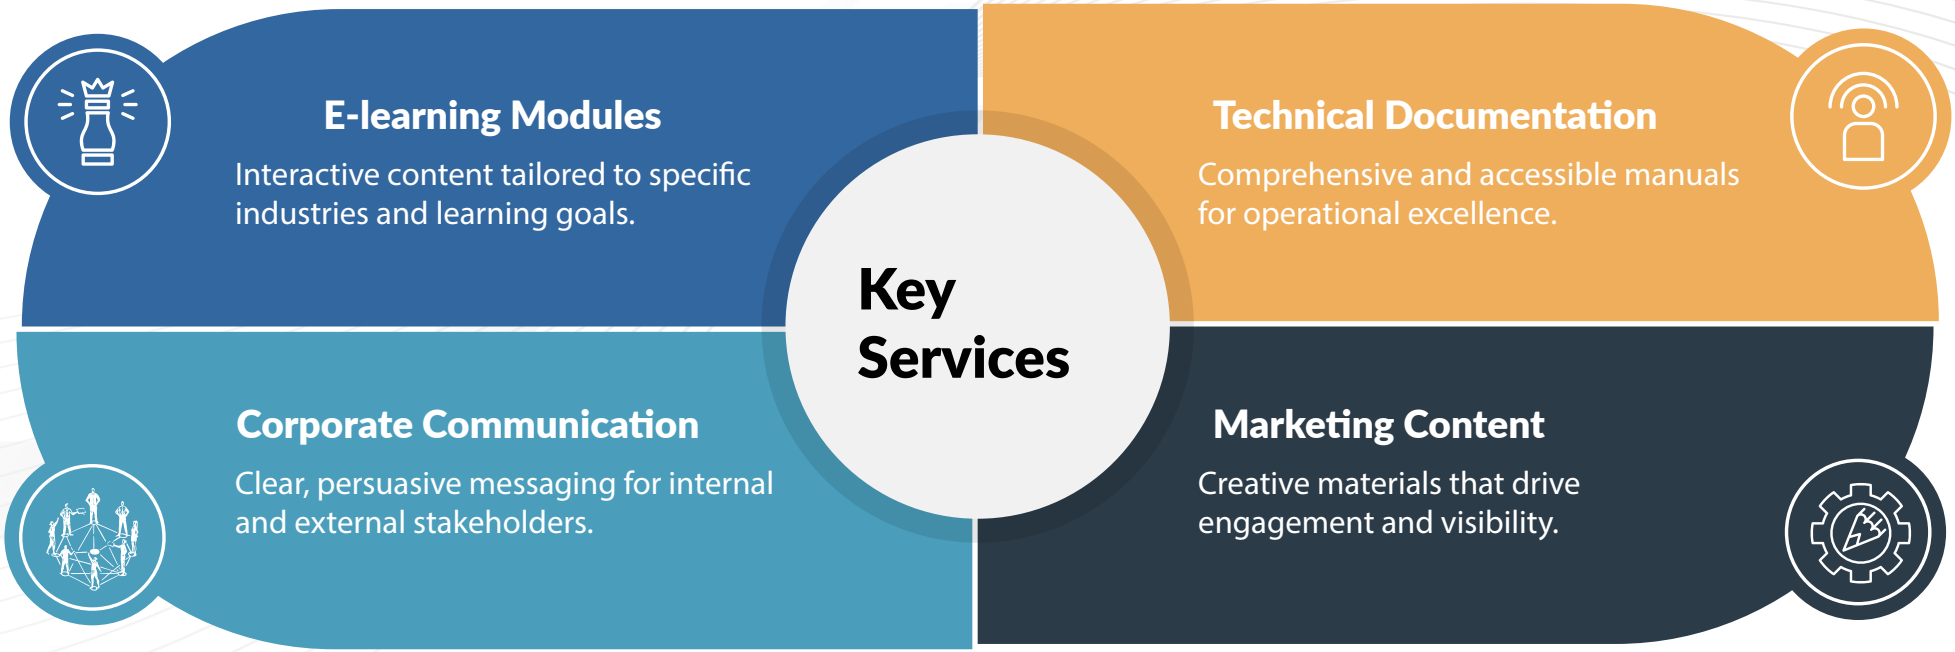

Guiding change with effective management alignment.

Technology and Innovation Integration

Leveraging advanced tools to drive progress.

Content Development Solution

We deliver high-quality, impactful content tailored to business and learning objectives. From e-learning modules to marketing materials, our solutions are designed to engage and inspire.

Learner's Role

Active participants in their own learning process. Encouraged to ask questions, explore topics deeply, and take responsibility for their learning.

Focus

On the learner and their individual needs, interests, and learning styles. Emphasis on how students engage with and understand the material.

Curriculum

Flexible and adaptive, often personalized to meet the needs of individual learners. Incorporates learner interests and real-world applications.

Facilitator's Role

Helping learners discover and construct knowledge. Encourages exploration and critical thinking.

Assessment

Formative assessments, including projects, presentations, and peer reviews. Focus on the development of skills and understanding rather than rote memorization.

Methodology

Interactive and learner-driven, with activities like discussions, projects, and hands-on learning. Use of technology and varied resources to support diverse learning styles.

Selected Training History (2024 – 2026)

Digital Transformation

Delivered extensive digital training programs across various organizations, primarily SAB & SNB in partnership with Altavo. The training covered essential digital skills, innovative technologies, and best practices in digital transformation, significantly enhancing participants' technical competencies and their ability to leverage digital tools for improved productivity and efficiency in their respective fields.

Leadership and Management

Successfully conducted comprehensive training for over 780 participants from prominent organizations, primarily SAB & SNB. Our tailored programs focused on enhancing leadership skills, strategic management, and high-performing team building, leading to significant improvements in organizational performance and employee engagement.

Transforming New Hires

Develop specialized training programs tailored to new employees' roles, ensuring a smooth transition and equipping them with essential skills such as for new managers, we focus on leadership, decision-making, and team management. Also, for new bank branch employees, we emphasize customer service, compliance, and operational excellence to uphold organization’s culture, high standards, policies and procedures.

Project Management

Delivered PMI-accredited project management training to prominent organizations, primarily ROSHEN, Rajhi bank, and Municipalities. Our programs such as PMP, CAPM, PMI-ACP equip participants with essential skills and best practices to effectively manage and deliver successful projects.

Selected Training History (2024 – 2026)

Contact Center

Delivered specialized contact center training across all levels. Our programs enhance customer service skills, communication techniques, and operational efficiency, leading to improved customer satisfaction and contact center performance.

ESG

Conducted engaging ESG training, in partnership with Attain, using the interactive simulation game "Raising Tides." Our training focuses on enhancing participants' understanding of environmental, social, and governance principles through practical and immersive learning experiences.

General Training Programs

Delivered in-depth training to prominent organizations on various topics including finance, risk, compliance, negotiation, quality, and problem-solving. Our programs enhance participants' competencies and practical skills, driving improved performance and strategic decision-making across diverse organizational functions.

Certified Business Professional

Conducted Certified Business Professional training in partnership with IBTA. Our programs cover a range of topics including sales, marketing, dynamic decision making, and leading through change, equipping participants with essential skills for business excellence and leadership.
